

# Don't miss out on the best day of the semester!

## Have you ever wondered what an engineer actually does?

In 2023, the ninth annual Introduce a Girl to Engineering day will take place. Companies like Vattenfall, Billerud, SEB, doktor.se and many more will open their doors and show you what it means to be an engineer.

### Who can participate?

Anyone between the ages of 13 and 19 who identifies as a girl or non-binary person can participate, regardless of where they live. Regardless of the subjects you study or your interest in tech, you're welcome to take part!

### How do I sign up?

Registration is open between January 9 and March 15. You can apply and find out which companies are participating on our website, [igeday.com](https://igeday.com).

## What is IGEday?

**On Friday 31 March 2023**

you'll have the chance to visit a company and **try out** life as an engineer for a day.
