

# Is your daughter our next engineering star?

Or do you know  
someone who  
could be?

On **31 March 2023**, the ninth annual **Introduce a Girl to Engineering day** will take place, and we are one of many companies taking part. This means we will host a group of girls and non-binary people between the ages of 13 and 19, and let them try out life as an engineer for a day.

If you know someone you think should join, tell them! Registration is open from 9 January to 15 March on [igeday.com](https://igeday.com).

Let's make  
the tech industry  
more equal!
