IGEday
22 mars 2024

Let's make the tech industry equal!

Is your daughter our next engineering star?

Or do you know someone who could be?

On 22 March 2024, the tenth annual Introduce a Girl to Engineering day will take place, and we are one of many companies taking part. This means we will host a group of girls and nonbinary people between the ages of 13 and 19, and let them try out life as an engineer for a day.

If you know someone you think should join, tell them! Registration is open from 8 January to 6 March on igeday.com.

PS. Participation is free of charge, but the spots are limited!
