

IGEday

20 mars 2026

**Is your daughter
our next
engineering star?**

**Or do you know someone who
could be the next generations
engineer?**

On **March 20**, 2026, it's finally time for Introduce a Girl to Engineering Day again and we are one of many companies participating. This means we will host a group of girls and nonbinary people between the ages of 13 and 19, and let them try out life as an engineer for a day.

If you know someone you think should join, tell them! Registration is open from 7 January to 4 March on igeday.com.

Psst.. Participation is free of charge, but the spots are limited so make sure the person you think should participate signs up today!
